Herrman Happy Hour

"She helps people, and that is one of my favorite aspects of being a lawyer."

If you weren't an attorney, what career do you think you would have today?

I would have liked to follow my mother as a doctor. She helps people, and that is one of my favorite aspects of being a lawyer.

What was the funniest case you took on?

The funniest case I took on was as a mediator. I had to mediate a case between two unhappy neighbors. The dispute was over a silly lot-line issue. I was participating in the mediation as a part of my Alternative Dispute Resolutions classes in Law School.

What is your guilty pleasure?

I enjoy a good glass of scotch or tequila.

What was the first job you had?

I first worked as a caddy on a golf course.

What do you do in your free time?

I enjoy golfing, playing my saxophone, and spending time with my wife and son.

What is your most notable verdict/settlement?

I participated in a case that won a large verdict at trial. The insurance companies were being unreasonable with offers. The jury awarded more than their policy limits, and due to the laws surrounding the Stowers doctrine, the insurance companies had to pay in excess of their policy limits. It was a big win for the firm and client!

What advice would you give your younger self?

I would tell my younger self to stay patient and stick to your goals.

"They have provided strength and encouragement to keep my hopes up."

Thank you so much for Herrman & Herrman. My accidental death attorney Mr. Scott Staha and his assistants, Annalisa and Samantha assisted myself and my family through this hard time. I am blessed that they have provided strength and encouragement to keep my hopes up.
