REAL CLIENTS, REAL STORIES

Benjamin was driving passed an idle police cruiser when the police cruiser quickly turned without checking and hit Benjamin's car. The police officer then gave Benjamin a ticket despite Benjamin not being at fault for the accident. Feeling like life was not on his side and unsure what he could do to make things right, Benjamin phoned a friend. They told him he should get help and fight it.

With that in mind, Benjamin called his number one choice for a car accident attorney, Herrman and Herrman. Once Benjamin explained his situation to our team, we confirmed with Benjamin that he was not in the wrong and that we should fight for him.

After hiring Herrman and Herrman, Benjamin felt confident about his case. He knew we would take care of everything and would fight for him.

"They really did put me first. They are the number one choice." Our team fought for Benjamin and made sure he got justice for the accident. "We fought it and we took care of it."

MEET TOFU!

Tofu is the sweetest, goofiest little guy. He was found with severe facial trauma and ended up at the City of San Antonio Animal Care Services medical clinic for several months to slowly heal. The resulting scar tissue from the healing process has given him an "eye lift" effect that may make him look angry, but he's the sweetest, snuggly cat and loves nothing more than to just be around people.
