**Texas Child Passenger Safety Laws 2026**

**Safety Tips for 4th of July**

Enjoy the holiday with family, friends, and fun while keeping safety in mind:

- **Fireworks:** Follow local laws, keep a safe distance, and supervise children.
- **Water Safety:** Watch swimmers closely and use life jackets when needed.
- **Grilling:** Keep grills away from structures and never leave them unattended.
- **Heat Safety:** Stay hydrated, wear sunscreen, and limit sun exposure.
- **Pet Safety:** Keep pets indoors during fireworks and ensure they have ID tags.
- **Road Safety:** Drive attentively, avoid distractions, and never drive impaired.

A little **preparation** can help make your Fourth of July **safe, enjoyable, and memorable** for everyone.

Keeping your child **properly restrained** is one of the best ways to keep them **safe on the road**. Here's a quick overview of Texas booster seat laws and safety guidelines:

- Children **under 8** must use a child safety seat unless they are **taller than 4'9"**.
- **Booster seats** help **position seat belts** correctly for children who have **outgrown forward-facing car seats**.
- **Seat belts** should fit **across the chest and upper thighs**, not the neck or stomach.
- Children **under 4'9"** are generally **safest** in a **booster seat**.
- **Drivers are responsible** for ensuring child passengers are **properly restrained**.
- Always **follow** the **car seat manufacturer's** height and weight **recommendations**.

Using the **right car seat** or **booster seat** can help reduce the risk of serious injury in a crash.
